Christmas Baskets in Exquisite Crochet

WHEN planning your holiday parties and your Christmas giving, you'll find many uses for decorative crocheted baskets. They're very attractive and inexpensive to make, and you can give your imagination full play in combining colors and adding your own decorative touches of holly, mistletoe, Christmas balls and bells. Here's a basket and bon-bon dish to hold nuts and candies on your holiday table, both made in meticulous detail. For an unusual gift idea, cover an ordinary tumbler with a crocheted "lip-cover" to make a handsome flower vase. Patterns for crocheting these baskets may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design #293.

UNIVERSALLY POPULAR

The "Sunday School Lesson" published each week in this newspaper has been adopted by thousands of church instructors throughout the United States as a regular part of their weekly work. It is a review and exposition of the international lesson for each week, prepared by Dean Harold L. Lundquist of the Moody Bible Institute at Chicago, a recognized leader in the nation's church work. Dean Lundquist has been active in teaching youthful groups for years, thereby acquiring an insight into the needs of these people for understandable explanations of Bible passages. In view of his accomplishments in church work, it is not surprising that Dean Lundquist's exposition of the weekly Sunday School lesson is being used in almost every community of the nation. As teacher or student you will find it extremely helpful.

Average Movie Actor

Earns \$14,857 a Year HOLLYWOOD. — The average movie actor's salary is \$14,857 a year, a survey of screen salaries disclosed. It said the average bit player under the \$500 a week feature gets \$2,000 annually and featured players whose salaries range from \$500 to \$1,000 a week average \$6,005 a year. Stars who receive \$2,000 a week and upward, earn on the average \$100,500 a year.

Memory of Boyhood

Saves Dogs for Boys MARION.—Poor boys' dogs no longer are picked up here by the dog warden for lack of licenses. Elmer J. Saiter, who had such a misfortune befall him when he was a boy, has formed the Marion Boy and Dog Friend club. He collects money to buy licenses for any boy who cannot afford them. Dog Warden is co-operating.

Select Breeding Hens

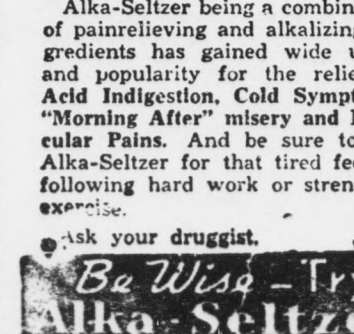

Before Culling Layers This is an excellent time to start a poultry breeding improvement program. Dr. W. C. Thompson, professor of poultry husbandry at the New Jersey college of agriculture, Rutgers university, says that such a program should be quite easily established on many farms. "After the pullets approach maturity, select the superior individuals. Use every bit of information which may be available in this process. Place numbered aluminum leg bands on the best 25 per cent. House the remaining 75 per cent of the incoming flock in quarters where they can be forced for maximum safe egg yield. "House the best quarter of the flock separately and keep records on egg production for one year, starting October 1, is highly desirable. "As transmitting records accumulate, apply minimum standards. It is suggested that bands should be removed from individuals who failed to lay 50 or more eggs between October 1 and January 31, or which failed to average 25 eggs a month for March, April and May; or which failed to show a persistent production of at least 50 eggs between June 1 and September 30."

Temple Seated 27,000 The temple of Diana at Ephesus seated 27,000 persons.

First to Manufacture Shoes Manufacture of shoes in this country was begun in 1829 by Thomas Beard.

ALKA-SELTZER is usually effective in the relief of headache because its analgesic (pain-relieving) content is made more positive by alkaline buffers. Alka-Seltzer being a combination of pain-relieving and alkalizing ingredients has gained wide usage and popularity for the relief of colds, indigestion, colds, "Morning After" misery and Muscular Pains. And be sure to try Alka-Seltzer for that tired feeling following hard work or strenuous exercise.

ELECTRIC EXTENSIONS CURTAILED

Consult Before You Construct

The Federal Government has ordered electric companies to curtail drastically all construction in order to save materials essential to National Defense.

The Virginia Public Service Company will, of course, cooperate in this effort to help meet the requirements of the present Emergency.

We are permitted to make practically no extensions without specific approval by O. P. M.

If you plan any construction that involves the use of electric service, please consult our nearest office. Regulations might not permit us to render you the kind of service you desire.
